4. When the ownership of a mine is transferred, all new plans, books and records shall be handed over to the new owner. [Regulation 8.]

5. If it is intended to extend mining operations at or in any point within 50 yards of land acquired for a railway or for a public purpose, notices and plans shall be sent to the specified authorities. [Regulations 10, 11 and 12.]

6. When any accident occurs in or about a mine causing loss of life or serious bodily injury, or when an accidental explosion, ignition, outbreak of fire or outburst of water occurs in or about a mine, the owner, agent or manager of the mine shall forthwith inform the Chief Inspector by telephone or telegraph, and shall also, within twenty-four hours of the occurrence of such accident, explosion, ignition, outbreak or outburst, send notice thereof in Form IX to the District Magistrate or to the Subdivisional Magistrate, who shall forward it to the Chief Inspector. [Regulation 13.]

7. If death results from any injury already reported as sudden under Regulation 13, the owner, agent or manager of the mine shall, within twenty-four hours of his being informed of the death, send notice thereof to the District Magistrate or to the Subdivisional Magistrate, who shall forward it to the Chief Inspector. [Regulation 14.]

#### PLANS.

8. At every mine of gold, manganese, copper, lead, zinc and wolfram and at such other mines or classes of mines as the Governor-General in Council may, by notification in the *Gazette of India*, specify, a plan and section or sections shall be kept at the mine office showing all shafts, drives, adiments, veins, river, watercourses (except gullies), and any tunnels situated thereunder. The plan shall also show the boundary boundaries, the surface, roads, and with date, the general strike and dip of the veins or mineral deposits, and the distribution of the strata; also all important surface features within the boundaries, such as railways, rivers, streams, roads and premises which enclose any part of the workings or any point within 100 feet of any part of the mine workings. Mines in which the workings do not extend within the Government ground and mines in which excavations are being made for prospecting purposes only are exempted from the provisions in respect of plans. [Regulations 15 and 16.]

#### MANAGEMENT.

9. An inspection book shall be kept at every mine in which inspectors may record their observations. At the commencement of the book the names of the mine and the name and address of the owner, agent and manager of the mine shall be recorded. [Regulation 17.]

10. The owner or agent of a mine shall appoint a competent person not less than 21 years of age to be manager of the mine. One person may be appointed manager of more mines than one, provided that the total of such mines and the damage between them is not so great as to prevent him performing his duties thoroughly. [Regulation 18.]

Where by reason of absence or for any other reason the manager is unable to perform his duties, the owner, agent or manager shall authorize in writing a competent person to act as manager of the mine for a period not exceeding one month and shall, within thirty days, send a written notice to the Chief Inspector stating the reasons for the authorisation, and the qualifications and experience of the person so authorised. [Regulation 19.]

#### SAFETY AND PREVENTION.

11. When any part of a mine is so situated that there is any danger whatever of an inundation of surface water into the mine, adequate protection against such an inundation shall be provided and maintained. [Regulation 20.]

12. At every mine where more than twenty persons are employed underground there shall be at least two shafts or galleries, and neither shall be less than 20 feet, affording separate means of ingress and egress to all persons employed in the mine. [Regulation 21.]

Proper arrangements shall be made for persons to descend to, and ascend from, the mine at each of such shafts or galleries, and, if necessary, it shall be kept constantly available for use. [Regulation 22.]

13. Adequate stationary lights shall be provided and used during working hours—

(1) at all places where persons have to work underground in the immediate vicinity of shafts;

(2) after dark at the tops of all working shafts and at all working engines used for raising and lowering persons.

#### RAILWAY AND LOWERING FREIGHT OR PASSENGERS.

14. At shafts where persons are lowered or raised by mechanical power the winding apparatus shall be provided with—

(a) one or more brakes on the drum shaft or sufficient power to hold the loaded cage, skip or basket at any point in the shaft;

(b) a proper depth indicator if the shaft exceeds 100 feet in depth;

(c) guides, if the shaft exceeds 120 feet in depth; and

(d) flanges or horns on the drum to prevent the cage slipping.

Cages shall be provided with tub-matches, rigid gates and hand bars and shall be secured in conformity at the top and closed in at the sides sufficiently to prevent persons or things projecting beyond the sides.

A single linked chain shall not be used for lowering or raising persons in any workingshaft or place except for a short coupling chain.

15. Every working shaft exceeding 100 feet in depth and used for drawing material or for lowering or raising persons shall be provided with proper means of signalling between the shaft bottom and the surface and every midlevel and the surface and one from the top of the shaft to the winding engine. All signals shall be transmitted by mechanical or electrical means.

The first three or principal signals shall be—

One rap or bell	..	Warn when engine is not
Do.	..	Stop when engine is motion.
Two raps or bells	..	Lower.
Three raps or bells	..	Now ready to ascend or descend.
Do.	..	Is HARK. Men may enter the cage or other conveyance.

16. The manager, or a trustworthy person or persons appointed by the manager, shall, once at least in every twenty-four hours, examine the state of the structural parts of the shaft, including, but not the haul-ropes, ropes, chains, signs, guides, and conductors in the shaft and other similar apparatus which are in actual use, both underground and above ground, and, if more than 20 persons are employed in the mine continuously, shall without delay write or cause to be written in a signed book a full and accurate report of the result of each examination. [Regulation 23.]

17. No minerals, timber or materials shall be used while persons are being worked in the mine shaft whether in the same cage or not. [Regulations 24 and 25.]

18. Every winch, when or ship is use at a shaft or when shall be provided with a stopper, hook, peg or other suitable device.

[Regulation 28.]

19. The bucket, dip or any wagon in the cage shall not be fixed up to such a height that any of the contents can fall out, and the bottom of the cage shall be kept clean.

[Regulation 29.]

20. When logs, wood, etc., with ends projecting over the top of the cage, they or basket are being lowered or hauled, the projecting ends shall be securely fastened to the cage or bow.

[Regulation 31.]

21. Not more than such number of persons as may be authorized by the manager shall be allowed to ride on the same cage, tub, ship or basket at one time, and a notice specifying the authorized number shall be posted at the top of every shaft and at every level in a shaft.

[Regulation 32.]

22. At the top of every incline on which the haulage, not being surface rope or surface chain haulage, is worked by mechanical power or gravity, there shall be stop-blocks or other similar contrivances to prevent wagons from running away. Additional stop-blocks or recovery devices, or some other appliance for arresting or directing the descent of wagons in the event of a runaway, shall be fixed below the first stop-block at a greater distance than the length of a train of wagons. There shall also be provided and situated beyond the second wagon or train of wagons a bucket, drag or other suitable contrivance for preventing the wagon or wagons from running back.

[Regulation 33.]

#### MINES WORKERS.

23. If open workings the rules shall be properly posted, stopped or covered and then, overhauled and all loose ground and material, shall be removed from the edge, or otherwise secured, in order to prevent danger to persons employed in the mine.

[Regulation 34, 35 and 36.]

24. The roof and sides of all travelling roads and working places shall be made and kept secure.

[Regulation 41.]

25. Where the ground is not safe, all shafts in use shall be made secure with suitable timber work or other means of support.

[Regulation 42.]

26. A competent person or persons appointed by the manager shall inspect, at least once in every shaft, every part of the mine or through which any person has to work as pass, for the purpose of ascertaining the condition thereof as far as ventilation, roof, sides and general safety are concerned, and shall, once at least in every week, inspect all shafts by which persons ascend and descend. If more than 20 persons are employed on the mine simultaneously, a written report of such inspection shall be made without delay in a book kept at the mine for the purpose.

[Regulation 43.]

No person shall be appointed to carry out the foregoing inspection unless he has attained the age of 21 years and has had sufficient practical experience of the working of mines.

[Regulation 44.]

27. Every place where work is carried on or where men are stationed or pass shall be placed under the charge of a competent person appointed by the manager or underground manager.

[Regulation 45.]

28. If a working place or travelling road is found to be unsafe, all persons shall be withdrawn from the dangerous area and all access to the place, except for the purpose of removing the danger or saving life, shall be prevented by securely fastening off all entrances.

[Regulation 46.]

29. The top and all entrances between the top and bottom of shafts, winzes, shafts or sliding holes and

any openings into a slope more than 16 feet deep below a drive and other dangerous openings, shall be provided with a permanent or removable barrier in order to prevent persons or things from falling from them. When a shaft, winze, rise or slope leads directly into a travelling road or place where persons are stationed at work, the traffic at such points shall be prevented against danger from anything falling from above.

[Regulation 47.]

30. At every shaft, station where it is necessary for persons to pass from one side of the shaft to the other, provision shall be made enabling them to do so without entering or crossing a working compartment.

[Regulation 48.]

31. All ladders, ladders, platforms, doors, boxes and other appliances and things in use under ground shall be maintained in proper repair. Every ladder, platform or other means of climbing or leaving a working while at work shall be provided in water, staves, riser, staves and other places where they are needed.

[Regulation 49.]

32. Where any working is approaching any place containing or likely to contain a dangerous accumulation of water, the working shall not exceed six feet in width or height, and shall be made and kept at sufficient distance in advance of the face to prevent danger from inundation.

[Regulation 50.]

33. The ventilation in every mine shall be sufficient to clear away smoke and dust and under burning inflammable and noxious gases, so that shafts and workings of the mine shall be in a fit state for working or passing.

[Regulation 51.]

34. After underground workings, shafts, ramps or winzes have been in use for some time, a thorough examination shall be made before workmen are admitted.

[Regulation 52.]

#### LADDERWAYS.

35. In ladderways making an angle of 24 degrees or less with the vertical, platforms shall be provided at intervals not exceeding 55 feet and the ladders shall be placed in use to cover the openings in the platforms. Ladders shall be fixed as an extension of and not less than one foot horizontal to every 10 feet vertical.

[Regulation 53.]

36. In ladder shafts where the slope is less than 45 degrees and more than 20 degrees with the horizontal, platforms shall be placed at intervals of not more than 55 feet along the side of the shaft.

[Regulation 54.]

37. All platforms shall be securely fixed.

[Regulation 55.]

38. All ladders shall be securely fastened to the side or timbering of the shaft.

[Regulation 56.]

39. All ladders shall project at least three feet above the shaft-top and where every platform, or strong ladder shall be provided at three places in convenient positions.

[Regulation 57.]

40. If a ladderway is a component of a shaft which is used also for other purposes, it shall be closed off from the other compartments.

[Regulation 58.]

41. Every ladderway opening in any travelling road or place where men are working or pass shall be provided with a door or with a substantial fence.

[Regulation 59.]

#### EXPLOSIVES.

42. Explosives shall not be taken into or kept in a dwelling house, but only in a properly constructed magazine.

[Regulation 60.]

43. Explosives shall be issued only to competent persons appointed in writing and the names of such persons shall be recorded in a book to be kept

in Keremandakhotel village, Tanjong Selok, published at page 184 of Part I of the Port St. George Gazette, dated 15th January 1927—

"If the sender of a telegram in plaintext, his mark shall be obtained and shall be verified in such manner as the Director-General may direct."

Port St. George, June 18, 1928.

(S.O. No. 1238 E.)

Whereas there is reason to believe that the tribes of Dubhal Kanchak of the North Arcot district in addition to the systematic commission of non-bailable offences, the Government in Council, in exercise of the powers conferred on him by section 3 of the Criminal Tribes Act (VI of 1925) hereby declares that the said Dubhal Kanchak are a criminal tribe for the purpose of the said Act.

Under section 18 of the Criminal Tribes Act, the Government in Council further directs that every registered member of the criminal tribe of Dubhal Kanchak of the North Arcot district shall report himself at such intervals as may be prescribed by the District Magistrate of North Arcot and shall also notify his place of residence and any change or intended change of residence and any absence or intended absence from his residence.

Port St. George, June 21, 1928.

(S.O. No. 1257 E.)

Whereas there is reason to believe that a section of the tribe known as Telengapattin Chettiar living in Part and in Wooripar, Trichopoly town, Trichinopoly district, is addicted to the systematic commission of non-bailable offences, the Government in Council, in exercise of the powers conferred on him by section 3 of the Criminal Tribes Act (VI of 1925),

hereby declares that the said section of Telengapattin Chettiar is a criminal tribe for the purpose of the said Act.

Under section 18 of the Criminal Tribes Act, the Government in Council directs that every registered member of the section of Telengapattin Chettiar living in Part and in Wooripar, Trichinopoly town, Trichinopoly district, shall report himself at such intervals as may be prescribed by the District Magistrate, Trichinopoly, and shall also notify his place of residence and any change or intended change of residence and any absence or intended absence from his residence.

Port St. George, June 18, 1928.

## THE KERNOL ELECTRICITY LICENCE, 1928.

Application of the Municipal Council of Karnool, made under rule 8 of the Indian Electricity Rules, 1928, for the grant of a licence under the Indian Electricity Act, 1910, for the supply of electric energy within the Municipal limits of Karnool.

(1) A copy of the map under rule 10 of the Indian Electricity Rules, 1928, may be inspected at the Municipal Office, Karnool, during the working hours from 11 a.m. to 5 p.m.

(2) Copies of the draft licence may be obtained from the Chairman, Municipal Council, on payment of Rs. 1 each.

(3) Under rule 18 of the Indian Electricity Rules, every local authority company or person desirous of making any representation with reference to the application to Local Government may do so by a letter addressed to the Secretary to Government, Public Works and Labour Department, Port St. George, Madras, within three months from the date of issue of the newspaper containing the advertisement, i.e., 20th June 1928.

(4) Where any person desires to have any amendment made in the draft licence, he shall deliver a statement of the same to the applicant and also to the Secretary to Government, Public Works and Labour Department, Port St. George, Madras, within the time specified in paragraph 3.

License for the supply of electric energy granted by the Government of Madras under the Indian Electricity Act, 1910.

License is hereby granted to the Municipal Council of Karnool to supply electrical energy in the area with the powers and upon the terms and conditions specified below.

1. Short title.—This licence may be cited as "The Karnool Licence, 1928."

2. Interpretation.—This licence is to be read and construed as subject in all respects to the provisions of the Indian Electricity Act, 1910, with the statutory modifications thereof and to the rules thereunder, and the several words, terms and expressions, to which meanings are assigned by that Act or any statutory modifications thereof or by the rules thereunder or the General Clauses Act, 1897, shall have in this licence and the documents thereby the same respective meanings, provided that in this licence—

(1) The expression "The Act" shall mean the Indian Electricity Act, 1910, with the statutory modifications thereof;

(2) The expression "The Licensor" shall mean and include the Municipal Council of Karnool and their permitted assigns;

(3) The expression "First Addressee," "Second Addressee," and "Third Addressee" shall mean the first, second and third addressees to this licence respectively;

(4) The expression "Deposited Map" shall mean the plan of the area of supply hereinafter specified, which has been deposited with the Government of Madras in pursuance of the rules under

the Act, and which plan is signed for the purposes of the Statute by the Government of Madras in the Public Works Department and for the appliances by the Chairman, Municipal Council, Karaikal.

(2) The expression "Unit" shall mean the quantity of energy contained in a current of one thousand amperes flowing under an electro-motive force of one volt during one hour.

(3) The expression "Local Factory" shall mean the total or percentage of the average quantity per hour to the maximum quantity per hour of energy supplied in any month.

3. *Consentment of license*.—The date of the notification by the Government of Madras in the Fort St. George Gazette, that the license has been granted in the license referred to as "The Government of the License."

4. *Area of supply*.—The area within which the supply of energy is authorized by this license is the whole of the area contained within the municipal limits of Karaikal and more particularly delineated upon the deposited map by a red line enclosing the said area.

5. *Purpose of supply*.—Subject to the provisions of this license and the Act and the rules thereunder the licensee shall be entitled during the term of this license to supply energy within the area of supply for all purposes except in bulk.

Provided that the licensee shall not be under any obligation under section 52 of the Act to supply more energy than is consistent with their obligation to maintain a constant supply to consumers due regard being paid to the licensee's best interest.

Provided also that no supply of energy shall be considered to be given by the licensee to persons, or companies, or private premises until the Government of Madras have approved the form of regulations to be made by the licensee or company for such supply of energy and the form of written contract or agreement with the licensee to take a supply of energy, which is to be executed and sealed by the licensee or company and until the Government of Madras have also approved the amounts of all miscellaneous charges incidental to or in connection with such supply.

6. *System of supply*.—The system of supply to be adopted by the licensee to supply energy under this license are the following:—

(1) (a) A medium pressure alternating current three phase four wire supply at a pressure of the consumer's terminals of 400 volts (approximately) between phases and 220 volts between phase and neutral which shall be carried at one point only on each separate distributing system at a frequency of fifty complete periods per second.

(b) A high pressure alternating current three phase supply at a pressure not exceeding three thousand three hundred volts between phases at a frequency of fifty complete periods per second.

(2) The control points of the high pressure supply may, with the approval of the Government of Madras and the concurrence of the Telegraph authority, be connected to earth.

Provided always that it shall be lawful for the Government from time to time to come, with due regard to the requests involved and to the effect upon the commercial prospects of the undertaking, regulations dealing with the above systems of supply or to authorize other systems of supply to be adopted for the purpose of this license.

(3) (a) The system, distributing cables and service lines may be overhead or underground in whole or in part, and shall be erected, constructed and maintained by the licensee in strict conformity with the Act and the rules thereunder.

Provided that nothing in this license shall authorize the licensee to use overhead lines at any

heights greater than such medium pressure without the sanction in writing of the Government of Madras in each case and subject to any conditions or limitations which the Government of Madras may prescribe.

Provided also that no conductors of any aerial line erected in, over, along or across Karikal street between the poles A and B erected on the deposited map in any intervention which may at any time hereafter be deemed in writing by the Government of Madras shall be at a less height from the ground than twenty-five feet.

Provided also that in all streets and thoroughfares less than 14 feet in width no overhead lines for overhead electric lines shall not be erected.

Provided further that in narrow lanes through which overhead wires are not permitted the poles shall be placed on the extreme edge of the lane and a special construction to be approved by the Electrical Inspector adapted to keep the wires five feet clear horizontally of every building.

Provided further that in any street or the direct continuation in which overhead electric lines are run such lines shall be run throughout on one side only.

(4) Where overhead mains carrying alternating current are used, due provision shall be taken by the licensee to avoid any possible interference with the telegraph or telephone circuits due to inductive effects.

(5) For the purpose of rule 61 of the Indian Electricity Rules, 1903, the maximum watt pressure shall be taken as shown in the per square foot.

7. *General duties*.—(a) The licensee shall lay down suitable and sufficient cables and distributing cables and service wires to the satisfaction of the Government of Madras for the purpose of supplying electrical energy throughout such streets or parts of streets as are mentioned in the last aforesaid and as indicated on the deposited map. In the case of difference between the description in the last aforesaid and as indicated on the deposited map the latter shall prevail. The licensee shall maintain in repair the works aforesaid within three months from the commencement of the license and shall complete the same within three years thereafter.

(2) If the licensee fail to comply with the above provisions or should in the opinion of the Government of Madras the progress made during any portion of the said period of three years be unsatisfactory, the license may be revoked.

(3) The licensee shall submit reports every six months from the commencement of the license until the completion of the compulsory works specifying all steps taken and the progress made in carrying into effect the license.

8. *Generating station*.—The generating station shall be within the area of supply.

9. *Breaking up of streets and roadways and raising of drains*.—(a) The licensee are hereby specially authorized to open and break up the soil and pavement of the roadways or parts of roadways mentioned in the second schedule to be only as necessary level drains and parts of the roadways running along the highway.

(b) The length of the trenches to be opened at any one time at any street operable by the Government of Madras and the period for which they may remain open shall be determined from time to time by the Government of Madras. When any street is opened not more than half the width of such street shall without the special authority in writing of the Government of Madras be closed for traffic.

(c) The licensee are further authorized to open all rivers, streams and irrigation channels within or

(contingent) to the cost of supply in accordance with such conditions as the Government may impose.

10. *Limit of power to be charged in regard of the supply of energy.*—The price to be charged for the licensee for energy supplied by them shall not exceed those stated in that behalf in the third schedule or in the case of a method of charge approved by the Government of Madras in accordance with clause X of the schedule to the Act, such maximum as the Government of Madras may fix on approving the method, notwithstanding the licensee may enter into special contracts, subject to sections 22 and 23 of the supply of energy.

High Court, Madras,  
13th May 1928.

By virtue of the powers conferred by section 48 F of the Code of Criminal Procedure, 1908, the High Court hereby makes the following rules regarding the procedure in regard to applications under section 49-B of the Code. Rule 16 herein is framed with the previous approval of His Excellency the Governor in Council under section 127 of the Government of India Act, 1919, and 4 George V, Chapter 51.

These rules may be cited as "The *Arrested (or prevented) prisoners' rules*". They shall come into force immediately and shall apply to all applications made to and all proceedings taken in the High Court of Judicature at Madras under section 49-B of the Code of Criminal Procedure hereinafter referred to as "the Code".

1. Every application to the High Court, under section 49-B of the Code, to extend an order of forfeiture under section 49-A shall be made by the presentation of a petition which shall be signed and verified by the applicant.

2. The petition shall be written in the English language on substantial white foolscap paper with an extra margin about five inches wide and an inner margin about one inch wide, and separate sheets shall be attached together bookwise. Data and facts mentioned in the petition shall be expressed in figures.

3. The petition shall be headed—"In the High Court of Judicature at Madras in its Revisional Original Jurisdiction".

4. In an appeal from a conviction under section 49-B of the Code of Criminal Procedure, it shall be intimated "In the entry of (name or description of the book, document or newspaper)" in the case may be.

5. The petition shall state what the interest of the applicant is in the publication (vide section 49-A) newspaper, book or document in respect of which the order of forfeiture has been made, and all documents or copies thereof in proof of such interest together with a copy of the notice of forfeiture under section 49-A of the Code shall be annexed to the petition.

6. The petition shall state the ground, or grounds, on which it is sought to set aside the order of forfeiture.

7. All vernacular documents annexed to the petition and all vernacular documents relied on by the applicant and intended to be tendered in evidence shall be translated into English by the Court Interpreter or the pleader.

8. The petition with exhibits annexed thereto and their translations, if any, together with two copies of the petition and exhibits with translations, one for the Court and one for service on the Chief Secretary to the Government of Madras, shall be presented to

the Registrar who will obtain the orders of the Chief Justice to constitute a special bench and appoint a day for the hearing and determination of the application.

9. Notice in writing of the day appointed for the hearing and determination of the application shall be given by the Registrar to the Chief Secretary to the Government of Madras, and the duplicate copy of the petition and exhibits with translations, if any, mentioned in the last preceding rule shall accompany the notice.

10. The table of fees now in force in this Court in its Revisional Criminal Jurisdiction shall be applicable to applications under the Code and proceedings thereon, and costs payable in respect of such applications and proceedings shall be taxed, when so directed, by the taxing officer of this Court according to the fee schedule on that side of the Court.

11. The provisions of the Code of Civil Procedure and the rules and orders of this Court relating to the exercise of its Revisional Criminal Jurisdiction including execution of decrees and orders shall be applicable in the procedure in regard to applications under the Code as well as to the execution of orders made on such applications.

10. Samples of different articles must be furnished by each tenderer with his tender. The samples of the accepted tenderer will be used and lodged in the office of the Superintendent of this hospital.

11. The Superintendent, Government Indian Medical School Hospital, reserves to himself the right of rejecting tenders as to articles to accept the tender for any one or more of the articles tendered for by the successful tenderer without assigning any reason for doing so.

12. Tender containing rates of current market value of articles will be summarily rejected.

13. The contract must not be called without specific sanction of the Superintendent.

14. All contracts will be subject to the testing of samples from time to time and to the inspection of provision of articles of inferior quality or supplied.

15. The articles noted in the schedule should be supplied in such quantities at such times as required or authorized by Superintendent or by some responsible person authorized by him.

16. The number or quantity entered in the form of tender is the probable maximum number of quantity required, but the tenderer will be under an obligation to supply each larger number or increased quantity as the Superintendent may require him to supply. The Superintendent does not bind himself to accept the full number or quantity noted in the schedule.

17. No person making a tender shall be allowed to withdraw his tender for the space of thirty days from the date thereof and in the event of his so doing, his deposit shall be forfeited to Government.

18. Payment will be made after delivery on monthly bills by the Superintendent of the Hospital. The date of payment by the Accountant-General, Madras, for their bills shall be previously intimated to this hospital by the authorities.

19. The contract rate should include charges for delivery of the articles at the hospital.

20. Every specification in this tender must be carefully followed by the tenderer failing which the tender will be rejected.

21. The tenderer should attach a certificate to his tender or tender in the following effect:—

"I the tenderer agree to have the current money tendered to Government in case of any failure to undertake the order."

22. The tenderer should furnish at once their specimen of signature to the Accountant-General, Madras, along with their first tendering bill submitted to them by the hospital to avoid any delay in the payment of their claims.

23. Any information regarding the tenders may be had on personal application at this hospital.

24. Period of delivery.—To be supplied monthly or seasonally as required from 12th July 1935 to 31st March 1936.

The Standard Barometer and Thermometer are read at 8 a.m., 12 a.m., 4 p.m. and 8 p.m. and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The height of the Barometer is twentypoint feet above the level of the sea, and the reading of the rain gauge is two feet from the ground. The wind, rate and general weather registered are for the current civil day—from midnight to midnight.

The total quantity of rain collected since January 1st is 2.45 inches, the average day for the year period being 0.02 inches.
